Exams	The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic (qualitative) learning. Students are assigned both academic learning (written exams) and a number of practical evaluations. Academic learning is evaluated during each unit of study, using class quizzes, written exams and practical tests. Practical skills are evaluated according to course rubrics adopted by the school and provided to students. Students must maintain a <i>cumulative</i> academic grade average of 75% to maintain satisfactory attendance progress. Students may make up failed or missed tests and incomplete assignments, in accordance with the school's published Policy for Scheduling and Grading Make-Up Work, Incomplete's and Repetitions. A student's grade point average is determined by a combined average of all practical and written examinations. Individual
